Current Major Positions:

- Assistant professor of Tabriz University of Medical Sciences, Tabriz, IRAN.
- Member of committee of Child Development office of Ministry of Health and Medical Education of IRAN.

- Member of committee of Neonatal developmental care program of Ministry of Health and Medical Education of IRAN.

Teaching Experiences (2010 to present) : I am teaching subjects in relation to child development ,developmental disorders, screening and assessment of Children with known or suspected developmental disorders and early detection and intervention of children with developmental disabilities to the medical students and pediatric residents..

This field of pediatrics is relatively new in Iran and I am trying to expand this field through working with the Neonatal and child health office of Ministry of Health and Medical Education of Iran.

I teach Child and Family Health Nurses and medical practitioners in our public health system the screening of children's developmental status using ASQ (Ages and Stages Questionnaire).

I have established a short time (4months) training course in developmental pediatrics for interested pediatricians in Tabriz, Iran.

Working Experiences:

July 2017 to present:

Head of Tabriz Child Development Center

October 2010 to 2017:

I work in Tabriz Children's Hospital and Tabriz Child Development Center

November2006 –November 2007 (Perth-Australia)

I was a member of a research team, which was involved in an Autism research.

October 2004-July 2005:

Pediatrician and Manager of Specialty Clinic
Sajedi Public Hospital
Province of East Azarbaiejan, Iran.

I established a pediatric ward in this newly inaugurated hospital, in a remote area in the north-west of Iran. During this time I trained nurses and other members of the team.

February 1995-October 2001:

Medical Practitioner and Manager of Public Health Clinic
Provinces of East and West Azarbaiejan, Iran.
